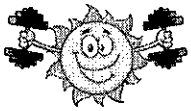
Name: _____



Pride of 2032: Spring Break Math Packet

Families,

We hope you enjoy your time with family over this break! We hope you enjoy lots of family, laughter, and stay healthy. This is also the perfect time to grow your brain even bigger! As we return from break, we will be heading into Quarter 4, which is the last and final quarter for students to strengthen their skills and be 1st grade ready. In order to keep your student's skills sharp, this packet is a great way to get important practice! You can complete this packet at your own pace. Both the **Reading and Math packets should be completed** and will be collected when we return to school on **Tuesday, April 7th.** If school is out longer than April 7th, the Above and Beyond section for both packets should be completed as well before returning to school.

- **The packet is a mandatory assignment and should be completed. Packets will be collected when we return to school on Tuesday, April 7th.**

If you have questions, please contact your child's teacher. Enjoy your break!

Grade Earned	Description
✔ ++ (100%)	You went above & beyond! Great job!
✔ + (95%)	Neat and meticulous work! Nice job!
✔ (85%)	Packet complete
✔ - (75%)	Incomplete in one or more sections of your packet.

*Parent Signature: _____(sign after grading)

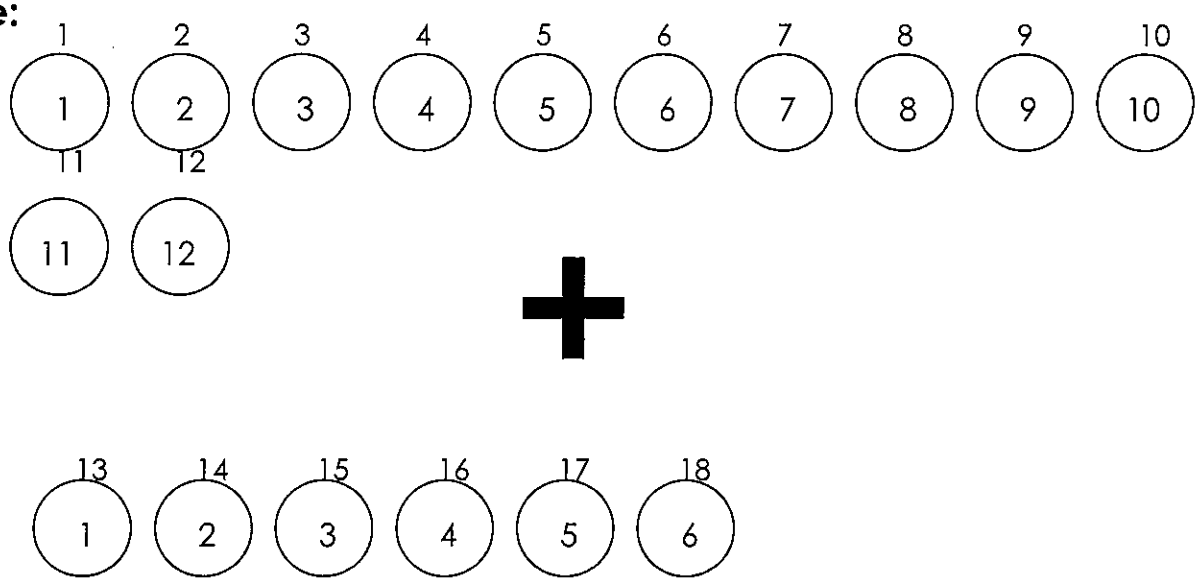
Math Packet

Story Problem Example!

Please see the story problem example below to help your student solve the story problem on the following page:

Example: Bradyn had 12 marbles in a bag. Then, Bradyn won 6 more marbles in a competition. How many marbles does Bradyn have now?

Picture:



Number Sentence:

$$12 + 6 = 18$$

Story Problem Practice!

Directions: Solve the story problems below by drawing a picture and writing a number sentence. Please read the story problem out loud with your student. Then, have your student draw a picture to help them solve the story problem. Last, have your student write a number sentence to represent the story problem.

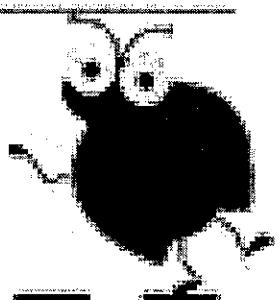
Ayden had 12 cookies on a plate. Then, he baked 8 more cookies. How many cookies does he have now?

Picture:

Number Sentence:

Buggy Friends
Count By Ten

Name _____



Fill in the missing numbers. Count by 10s.

A. 10, _____, 30, _____, 50, _____

B. 30, _____, 50, _____, 70, _____

C. 50, _____, 70, _____, 90, _____

D. 20, _____, 40, _____, 60, _____

E. 40, _____, 60, _____, 80, _____

F. 60, _____, 80, _____, 100, _____

Story Problem Practice!

Directions: Solve the story problems below by drawing a picture and writing a number sentence. Please read the story problem out loud with your student. Then, have your student draw a picture to help them solve the story problem. Last, have your student write a number sentence to represent the story problem.

There were 11 pencils in the classroom. Timmy took 6 pencils home. How many pencils were left in the classroom?

HUNDREDS CHART WITH MISSING NUMBERS

Fill in the missing numbers.

1	2					7			
11				15				19	
21					26				30
		33				37			
			44						
51									60
							68		
		73							80
								89	
91									100

* Please practice counting to 100 with your student.

Name : _____ Score : _____

Subtraction Sentence

Subtraction within 10: S1

Write subtraction sentences based on the number of items displayed in each row.

1)

_____ − _____ = _____

2)

_____ − _____ = _____

3)

_____ − _____ = _____

4) 
_____ − _____ = _____

5) 
_____ − _____ = _____

Story Problem Practice!

Directions: Solve the story problems below by drawing a picture and writing a number sentence. Please read the story problem out loud with your student. Then, have your student draw a picture to help them solve the story problem. Last, have your student write a number sentence to represent the story problem.

Lily is baking cupcakes. She made 11 cupcakes. Then, 6 cupcakes fell on the floor. How many cupcakes does Lily have now?
